

# Love Revolution

## Lions Among Us

Verse:

I'm so sick of all the apathy  
That surrounds this generation.  
But if we all could stand as one

We would shake the whole foundation. Chorus: I think It's time see what dreams are made of.

You've only got one chance.

Now is our time. Rise up and make a stand

It all comes down to LOVE. Verse 2 I'm so sick of hearing my voice fall on deaf ears

Its time to wake up! Wake up! Our voice could move the mountains

And watch them fall into the sea Breakdown It's time to wake up the walking dead. Chorus Breakdown

This is our time. Key change
