Am I a Fool

Sense Field

If I knew then what I know now, more
But will you still show me how much you're in love?
Darling, please, I know I lost my head
Don't turn awayAm I a fool?
If you see her tonight
Tell her, I love her stillAm I a fool?
If you see my love, tell her, hello
Tell her, I love her stillShe was right about us, yeah, yeah
She was right all along, yeah, yeah
She was right about loveDarling bird, don't be a sad bird
You know you deserve true love like everyone
I believe you belong in the armsOf this charming young man
Darling, please, don't look away
Don't move awayAm I a fool?
If you see her tonight
Tell her, I love her stillAm I a fool?
If you see my love, tell her, hello
Tell her, I love her still
Tell her, I love her stillCould you still love a fool
