Feelin' Bad

Spooky Tooth

You seek to grow a happy face
Ya' need someone for sure
To fill tomorrow's empty space
That hides behind your door
Oh yeah...I'll bring anything you want
You know I'm here to guide you
But change your day from bad to good
Hide the tears inside you
Oh yeah...Feelin' bad - make it good
I'll show you how I think you should be feelin' now
Better times they got to come
Feelin' bad - make it good
I'll show you how I think you should be feelin' nowFeelin' now it's all around
No one knows but you
The way it's been you just can't win
There's nothing you can do
You're runnin' wild, a helpless child
Through them fools that guide ya'
A time to think is what you need
Wake up the time beside ya'
Oh yeahFeelin' bad - make it good
I'll show you how I think you should be feelin' now
Better times they got to comeFeelin' bad - make it good
I'll show you how I think you should be feelin' yeahFeelin' bad - make it good
I'll show you how I think you should be feelin' yeah
I'll make it fine if ya' say you're feelin' lowFeelin' bad - make it good
I'll show you how I think you should be
feelin' nowFeelin' bad - make it good
I'll show you how I think you should be
feelin' yeah
Let me help you put fine on the way you feel
