Hail the Leaf

Down

Brave river, I can't sail
Lone feeling, and I might failSo I just smoke
(Smoke)
Every breath stonedSixth hour fail to rise
And I cower in reality's eyesSo I just smoke
(Smoke)
Let me feel stonedSmoke, stonedI have fallen scattered the wave
Alone I'm cryin' broken shadeSo I just smoke
(Smoke)
Let me [incomprehensible] stonedSmoke, stoned
(Stoned)
Let me feel stoned, huh!
Aah!I can't feel you, you can't brave
No more sadness, no more pain
That what feeds you but what [incomprehensible]
No more sadness, no more oh
