Love Thang

Snoman

I can see if I'd done something noble
Incredible or, Lord, simply wonderful
Then I'll understand just why
You care for me
Saved a child from a building on fire
Then fed all the hungry, supplied their need
Then maybe it will make more sense
Why you dared to love me but
I can't figure out this love thang
Though we've talked about it all before
But the truth about this love thang
No one else can love me more
I can't figure out this love thang
Though we've talked about it all before
The truth about this love thang
No one else can love me more
Ran to other's part time lovers for comfort
Lord, I'm sorry I must have been out of my head
Tell me how many times did I manage to break Your heart? Oh yeah
Said, "I'll do but I didn't, knew I should but wouldn't
In spite of it all still you said, "I always love You, love You as You are"
I can't figure out this love thang
Though we've talked about it all before
But the truth about this love thang
No one else can love me more
I can't figure out this love thang
Though we've talked about it all before

But the truth about this love thang
No one else can love me more
Like a mother love for her new born child
You've embraced me in my faults
Oh, with a love so strong and unconditional
Never once let me go
I've made mistake so many times
Taken advantage of you but You've forgiven me
Time after time no matter what I do
I'm so love with you
I can't figure out this love thang

Though we've talked about it all before
But the truth about this love thang
No one else can love me more
I can't figure out this love thang
Though we've talked about it all before
But the truth about this love thang
No one else can love me more
I can't figure out this love thang
Though we've talked about it all before
But the truth about this love thang
No one else can love me more
How could you have so much time with me
Though we've talked about it all before
Touched me when You died at Calvary
No one else can love me more
