Hip Hop Lover

En Vogue

Hip hop, do it till you drop
Don't stop, don't you ever stop
This is it and you know, I'm comin' free style
To the club to see En Vogue, I'll run a country mile
Dope hat, combat boots I'm comin', cutie pies
Yo I know En Vogue will love me 'cause I'm too fly
I'll do my jerkin' dance make 'em stare yo give a laugh
Ask to dance, they look me over and say, "Oh no I'll pass"
That's okay, I'll just dance and do my own thang
But when the night is over, they'll remember Wayne Wayne
Hip hop lover
(Hip hop, do it till you drop)
You're too young for me
(Don't stop, don't you ever stop)
Hip hop lover
(Hip hop, do it till you drop)
You can't dance with me
(Don't stop, don't you ever stop)
Me and my girlfriends broke down to the club
The minute we stepped in, we were being asked to the dance floor
Before I got his name, he was hittin' on me strong
But I knew from the conversation, he was a bit too young
Hip hop lover
(Hip hop, do it till you drop)
You're too young for me
(Don't stop, don't you ever stop)
Hip hop lover
(Hip hop, do it till you drop)
You can't dance with me
(Don't stop, don't you ever stop)
Brown leather combat, sales tag on his hat
He wore his clothes all inside out
He had a funky step and I thought he was so cute
But as far as me hooking up with him he had to come harder than that
Hip hop lover
(Hip hop, do it till you drop)
You're too young for me
(Don't stop, don't you ever stop)
Hip hop lover

(Hip hop, do it till you drop)
You can't dance with me
(Don't stop, don't you ever stop)
When the set was over, we headed out to the car
He politely asked to walk me out, he's playing good so far
The minute I blinked my eyes, he snuck in a little kiss
So I swung out quick to smack him one but I'm glad I missed
Hip hop lover
(Hip hop, do it till you drop)
You're too young for me
(Don't stop, don't you ever stop)
Hip hop lover
(Hip hop, do it till you drop)
You can't dance with me
(Don't stop, don't you ever stop)
The beat may drop but not like all the others
Hip hop do it till you drop
Don't stop, don't you ever stop
Hip hop do it till you drop
Don't stop don't you ever stop
Hip hop lover
(Hip hop, do it till you drop)
You're too young for me
(Don't stop, don't you ever stop)
Hip hop lover
(Hip hop, do it till you drop)
You can't dance with me
(Don't stop, don't you ever stop)
...
