Radio (Sing-A-Long)

PureNRG

Na, Na, Na, Na, Na, Na, on the radio
Na, Na, Na, Na, Na, Na on the radio
Na, Na, Na, on the radioEverybody has a song to sing
Don't keep it to yourself
And everybody has a gift to bring
Don't leave it on the shelf
Everybody has a part to play
Right where you are
And everybody has there very own way to shine like a star!Chorus:
So when you here this on the radio
NYC to LA
Remember love can make us one
One world, One hope, One universe
So everybody join the band and sing
With you we can make a change
So when you hear this on the radio
Let it rain, Let it rain, Let me hear you sayNa, Na, Na, Na, Na, Na, on the radio
Na, Na, Na, Na, Na, Na on the radio
Na, Na, Na, on the radioEverybody's had one of those days
When nothing's going right
Everybody's had some hard aches
Some lonely tears they've cried
But everybody's got love to give
And arms to hold
Anybody who needs a friend
You're not aloneSo when you here this on the radio
Your hometown to outer space
Remember love can make us one
One world, One hope, One universe
So everybody join the band and sing
With you we can make a change
So when you hear this on the radio
Let it rain, Let it rain, Let me hear you sayLet's come together
And help each other
Let's let the whole world see
Yeah
YeahSo when you here this on the radio
Your hometown to outer space
Remember love can make us one

One world, One hope, One universe
So everybody join the band and sing
With you we can make a change
So when you hear this on the radio
Let it rain, Let it rain, Let me hear you say
