

Diet Pill

L7

My diet pill is wearing off
My diet pill is wearing off'Cause we're just in the bed
Sewn in the sheets with thread
The twins are in the car
The frying pan is redCalgon can't take me away
No, Calgon can't take me away
From the things I did today'Cause we're just in the bed
Sewn in the sheets with thread
The twins are in the car
The frying pan is redAnd I am, I'm so outta here
I'm outta hereI think the swelling is going down
I said, I think that the swelling is going down
Two hundred dollars to leave this town'Cause we're just in the bed
Sewn to the sheets with thread
The twins are in the car
The frying pan is redAnd I am, I'm so outta here
I'm outta here
