Dead Letter

Magnapop

When you go away
Forever
You leave behind
Broken time
Such a sad way to go
Alone
Couldn't talk about it now
Couldn't sleep at allYou didn't have to be alone
You didn't have to
I've lost all sentimental thoughts
About you
Left behind a full one
Right behind an empty part
Couldn't talk about it now
Couldn't sleep at allYou didn't have to be alone
You didn't have to
I've lost all sentimental thoughts
About you
Left behind a full one
Right behind an empty part
Couldn't talk about it now
Couldn't sleep at allDidn't have to be so bad x4
