Neako

Now I lay me down the.
I pray the Lord my soul be cured
And if I got before I ...
I pray the Lord my soul be tamed.
...I'mma get me a car
...I'mma go so far
Bluffing now, let's...
Pray to God that we get this bread
Meditate, levitate, regulate, until you're dead!
I could feel a ghost when the sun is set
To get to where I'm at, all these other niggers they ain't trying...
That LVL. we got a hundred sets.
Money coming in, but the only that we don't forget
where all came from.
Got a girl in the city that she know where from
Got a couple friends, so we all say, 'come!'
... all these girls are the same
You know... so they got the same frame!
.say the same thing
Do the same shit that they all gonna change
Tearing my soul, but...
When it's all done...
Nothing, but I'm still fucking
See me in the streets blowing weed with your woman
Try to fly up here with me, but you couldn't
Do a lot of shit, that I didn't know I shouldn't
But I mean well, try to keep . of my soul
So every time I smoke I try to...
Talking to the man upstairs, saying that I don't really wanna fall
Father, just watch over me
Make sure snakes ain't close to me!
And if they all make them show themselves
....show me who they're supposed to be!
I know the moves that I make
Don't all the time ask to the world.
But I know, and you know
My heart is pure, let...Now I lay me down the.
I pray the Lord my soul be cured
And if I got before I ...

I pray the Lord my soul be tamed.
...I'mma get me a car
...I'mma go so far
Bluffing now, let's...
Pray to God that we get this bread
Meditate, levitate, regulate, until you're dead!Build a kingdom full of real niggers with my hands
But I had commands, I don't know how, but I got right here
But I do know that I show no fear,
Maybe to the man upstairs, or maybe to this girl right here
... I don't really know who these girls are
They are so easy, but try so hard
But she in my car, just happy to be with a star!
My focus in a .shit.
That's all I could be about
I flow around in my. shit
If you like here, you might see me out
she with me, but that's your shit
Meditate, levitate, regulate, she... this
Rap that, that's new shit,
LVL, that cool shit
Fat low, my blue print
If you rebel try to do this!
Chin up, chest out,
Time to get this paper!
When you're out here grinding make sure you say this!Now I lay me down the.
I pray the Lord my soul be cured
And if I got before I ...
I pray the Lord my soul be tamed.
...I'mma get me a car
...I'mma go so far
Bluffing now, let's...
Pray to God that we get this bread
Meditate, levitate, regulate, until you're dead!
