Let Me Take You There

Troy Olsen

I know a place
Ain't nobody crying
That ain't nobody lying
Lying to the races
And big ol' smile upon their faces
Oh, help me, oh, help me now
'Cos I know a place
That ain't nobody worrying
That ain't nobody hurrying
Like their time is wasting
They're slowing down their paces
Smiling to the races
(I'll take you there)
Everybody happy now
(I'll take you there)
Everybody working, working
(I'll take you there)
I'll take you there
(I'll take you there)
Let me take you
I wanna, I wanna
(I'll take you there)
I wanna take you there
(I'll take you there)
I said, let me take you down
Let me take you down
Let me take you down
Face down in Cabo
We'll be kissing the ground, come on
I know a place
Where everybody's happy
And everybody's laughing
Laughing at that rat race
Got that big ol' smile upon their faces
(I'll take you there)
Lying in the sun, loving everyone
(I'll take you there)
Down there having fun
Come on, come on

(I'll take you there)
I wanna take you
(I'll take you there)
Yeah, let me take you
(I'll take you there)
You got to let me
(I'll take you there)
Come on now, come on now, come on now
(I'll take you there)
Let me take you down
Let me take you down
Let me take you down
Face down in Cabo
I said, let me take you down
Let me take you down
Let me take you down
Let me take you down
Let me take you down
Let me take you down
Let me take you down
...
