Doubtless

Tinfed

Never an eye for your cold honesty
I wouldn't want to have to have anything to hold against you
I spilled right in front of you
Irradiant me
And I couldn't see from the beginning, honestly
You think it done easily
Will I ever know what it means to be doubtless
An eye to the medicine
You're watching as my lips collapse around the mouth of another waste of time
You always know what's right, don't you, despite of me
Wish I could've seen from the beginning, honestly
You beg it done of me, but I will never know what it means to be doubtless
