Light It Up

JILL TIRRELL

Light it up blue
Light it up blue
Light it up blue
Light it up blueI will stand beside you all your life
If you have no hand to hold reach for mine
I promise I will make sure you get by
I'll give you your roots to grow and wings to flyLight it up
You can do anything
Light it up
You can do anything
Light it up
You can do anything
Don't ever let nobody take your dreamsLight it up blue
Light it up blueYou could never say another word and it's alright
'Cause I can feel your feelings, too, by looking in your eyes
It doesn't matter where we go or where we are
'Cause I know your heart, and you have my heart; I know who you areLight it up
You can do anything
Light it up
You can do anything
Light it up
You can be anything
Don't ever let nobody take your dreamsLight it up blue
Light it up blueAnd I'll be there for you
This I swear to you
I will fight for you when you can't stand alone
You are all you need
Already complete
There's no ceiling, only skyLight it up
You can be anything
Don't ever let nobody take your dreams
