Almost There

Childish Gambino

how we go from friends... to lovers.
how we go from friends... to lovers.
tell me that (tell me that)
how we go from friends... to lovers.
you kiss me first and i discover.
and from now... there is no other.
started as friends, but now my heart says different.
all weekend, all day long we kick it.
how did we go from there, to here?
(yeah)
now you can say what you want, but i know you feel it.
truth be told, you and me, we'd kill it.
now i'm really tryin' to find my way to you baby (yeah)
when i reach out for your hand, girl you'll be right there.
(i know you'll be there)
ooh and baby that's how i know i am...
i'm almost there...
close to your heart, baby
i'm almost there...
i was never too far from it
i'm almost there...
i'm almost right where i wanna be
i'm almost there...
(almost, almost there)
whatever you ask, then you know i'm with it.
if i ain't at home, then i'm with you chillin'.
how did we go from there, to here?
and my homies say, "yo homeboy you trippin' "
but they ain't the ones gettin' the love you're givin'.
girl, i'm really tryin' to find my way to you, baby.
(i'm tryin' to find my way)
(i'm tryin' to find my way)
when i reach out for your hand, girl you'll be right there.
(i know you'll be there)

oooh and baby that's how i know i am...
i'm almost there...
close to your heart, baby
i'm almost there...

i was never too far from it
i'm almost there...
i'm almost right where i wanna be
i'm almost there...
(almost, almost there)
hey,
'cause shawty you my baby...
we even been through thick and thin in the rain together.
and girl, i'd be crazy...
(crazy, to not have you around)
and let another man just catch ya.
oh girl,
call me your heart reader,
i can read the pages of your heart.
and baby, step-by-step, i'm-a climb your stairs.
don't worry baby... baby...
(x4) i'm almost there...
(almost)
i'm almost there...
i'm almost right where i wanna be
i'm almost there...
(almost, almost there)
i'm almost there...
straight to your heart, baby
i'm almost there...
i was never too far from it
i'm almost there...
i'm almost right where i wanna be
i'm almost there...
(almost, almost there)
