Written by: david henmanBetter take it slow
Feel the shadows flow
You've been watchin' her for oh so long
And it showsBetter take it slow
Feel the shadows flow
You've been watchin' her for oh so long
And it showsWhen you reach the ?
When you see the ?
Let her lead the way
She will reach for you
She will teach you love
She will touch your mindLet the ? take away the pain
Make it feel alright
In the ? talk to me again
Make it feel alright
Make it feel alright
Make it feel alright
Make it feel alright
