

Release It

Kavana

Ask me no questions, I'll tell you no lies
I honestly thought you knew
You tell me I'm faking most of the time
Baby, you've found the truthWe break every rule
So why do you choose to be serious
(I think it's time you played my way)
I'm talking in rhymes
You're making me feel so delirious
(let it out)Can you release it, baby go with the flow
Release it, 'cos I know what you know
Release it, what you're feeling inside
Release it, 'cos there's nothing to hideYou talk like tomorrow is light years away
You constantly play it safe
When you get affection you have it your way
Why can't you sit and waitWe break every rule
So why do you choose to be serious
(I think it's time you played my way)
I'm talking in rhymes
You're making me feel so delirious(repeat chorus)
