It Just Is

Rilo Kiley

Today is the day I realized
That I could be loved
It echoed through the park last night
He wasn't our son
He belonged to everyone
And this loss isn't good enough
For sorrow or insipiration
It's such a loss
For the good guys
Afraid of this life
That it just is
Cause everybody
Dies
This loss isn't good enough
For sorrow or insipiration

It's such a loss
For the good guys
Afraid of this life
That it just is
Cause everybody
This loss isn't good enough
For sorrow or insipiration
It's such a loss
For the good guys
Afraid of this life
That it just is
Cause everybody
Dies
