Crazy Legs

(hÉ™d) pe

Crazy legs, yeah, yeah
I'll come into your house make love to your spouse
Fuck her in the mouth then I'm out what
These type of things happens all the time
You trying to get yours but I'm a kill for mine
Nigga, nigga, nigga, a nigga please
I strap on a Jimmy 'cuz I don't want a disease
Baby likes it when I come inside
I come into your house and take your daughter for a ride
Now how you gonna slow me down
Show me how you heard about my theory now
Feel me now busta you dealing with the microphone crusher
Amateurs fold under pressure yeah roll up that blunt now
Lay yo guns down who be the one now
Out of town before sun down okay corral
You gonna slow me down bitch show me how
You gonna slow me down show me how
You gonna slow me down show me how
You gonna slow me down show me how
You gonna slow me down bitch show me how
Whoa where my dogs at where my girls at
Where da whiskey at me let me hit some of that
I'm a drink my wine and smoke my weed
I'm a fuck that honey from behind this is until she screams
Oh yeah hell yeah there's a party over here party over there
Rebels throw your fist in the air bitches throw your tits in the air
Hed P E oh can't you see sometimes your shit just hypnotize me
And I just love your freaky ways M C my love is here to stay
M C O D oh can't you see sometimes you shit just hypnotize me
Well I just love your freaky ways Hed P E you're here to stay
You heard about that shit that we do
You heard about the sex and the drugs and the violence
It's all true I heard about your puss ass crew
Cross over corporate take down take two
Huh you running out of time now you all mine now lights out
You fat muthafucker watch me shine now
You fat ass you wanna show me down show me how
You heard about my theory now fear me now
'Cuz ain't no way that the shit can miss

See all my dogs fuck it up in the pits
See all my ladies shake they hips and wiggle they tits
Shit my niggas might bounce to this, well I can't
'Cuz everybody talking about that new sound crazy
But it's still hip hop to me what, what
Hed P E oh can't you see sometimes your shit just hypnotize me
And I just love your freaky ways M C my love is here to stay
M C O D oh can't you see sometimes you shit just hypnotize me
Well I just love your freaky ways Hed P E you're here to stay
Let me have your muthafucking undivided attention
It's about time I set the muthafuckin' record straight
Now it's obvious who smokes the most and the best weed
And it's obvious who got the most and the finest hoes
And it's obvious who's gonna get the props in 2001
2012 come watch me shine in the new millenium yeah
I think your fine baby nah you ain't my baby
You think I'm crazy nah nah no
Muthafucking way fuck tomorrow fuck today
Fuck yo scandalous ass and yo scandalous ways
Fuck you momma and the ho she raised what
Hed P E oh can't you see sometimes your shit just hypnotize me
And I just love your freaky ways M C my love is here to stay
M C O D oh can't you see sometimes you shit just hypnotize me
Well I just love your freaky ways Hed P E you're here to stay
