Leave It All Behind

Rage

I don't wanna leave this world behind
Was the only thing I had in mind, yeah
Now you've sent the angels back
I need them here on earth
'Cause eternity can be a long, long time
Don't turn your back on me, don't take away my choice
'Cause reality is lyin' to my mind, so nowI wanna leave it all behind
I'll leave it all behind
I need a window out of time
Leave it all behind
OohTell me 'bout the secrets of my life
What is it that makes me feel this way? Yeah
I can feel my energy, it's turned against myself
Like a downwards spiral heading straight to Hell
Maybe I could let it be and leave it all undone
'Cause I'm stumbling and it's time to say goodbye, goodbyeI wanna leave it all behind
I"ll leave it all behind
I need a window out of time
leave it all behind, yeah
I'll leave it, leave it, leave it, leave it, leave it, leave itI can feel my energy, it's turned against myself
Like a downwards spiral heading straight to hell, to Hell
Don't turn your back on me, don't take away my choice
'Cause I'm stumbling and it's time to say goodbye, goodbyeI wanna leave it all behind
I'll leave it all behind
I need a window out of time
Leave it all behind, daa
Aah, leave all behind
