Skittles

Ne' Richa

Intro:
Yea
Mmm mm mmm
Baby Ill give it all to ya
You know
The skittles, the m&ms, now and laters
Whatever you want, whatever you needVerse 1:Confessions of a love aholic
Im talkin no bark
Im aimin at you like a mark
And Im, intending to win you
Since you, there aint never been another similar
Im into you
Maybe this winter we can cuddle closely
Listenin to Luther, eatin french toast
And wakin up weekends to watch cartoons
Hit the downtowns, and make bedroom boom
If you are interested, please respond
Hit on the hip and take my arm
Lets walk around the corner, wit our noses up
Cuz for rich or poor, its you I boast of
Toastin of, our bond is one
I cherish, leave no
Ill never dare it
Your all mines I swear it
I swear it, I swear itChorus:I love you baby
Ill share my skittles wit you
Ill jump up over the moon
Just pinky swear that you love me
And promise that youll be there
I aint goin nowhere
Not even, for a minute
Do you hear me, baby?Verse 2:Confessions of a tease aholic
Im rockin this fresh ass snap back
And leather kicks
These kids dont know what grown is
You and me make em wish
For the finer things and the realest love
Lust on swole, we smoke the clubs
Too hot to touch, and too cold to wonder

What we mightve been
If we wasnt lovers
I dont bother those thoughts, there irrelevant
Come closer, ahh, bring your scent
Dont forget your lips, and those eyes for real
Like Deele, you got that whip appeal
If you stick near, and hold me down
Ill do the same and tattoo your name
Ill do the thing
Ill Ill do, the thingChorus:I love you baby
Ill share my skittles wit you
Ill jump up over the moon
Just pinky swear that you love me
And promise that youll be there
I aint goin nowhere
Not even, for a minute
Do you hear me, baby?I love you baby
Ill share my skittles wit you
Ill jump up over the moon
Just pinky swear that you love me
And promise that youll be there
I aint goin nowhere
Not even, for a minute
Do you hear me, baby?Break:Whatever you want
Whatever you need
Got the lil candy sticks, choco sticks you know
Doritos, Fritos
Its all about you you youChorus:I love you baby
Ill share my skittles wit you
Ill jump up over the moon
Just pinky swear that you love me
And promise that youll be there
I aint goin nowhere
