Heaven's Best

Kelly Price

I've got heaven's best!
See I used to do wrong, but now I do right!
I've... I've got heaven's best!

[Verse 1]
I still remember being young
When living saved it wasn't any fun
People judged the way that you looked
But that wasn't in the book

The bible was a big book of rules
Living for god I thought it wasn't cool
Studied what his word said to me
Than I found my liberty

[Chorus]
He saved my soul when I
(When I told him yes)
Then gave me heaven?s best
(Gave me heaven's best)
Now I live my life blessed
(I live my life blessed)
God gave me love and happiness
(Love and happiness)

[Verse 2]
Religion's getting thrown out the door
Cause religion ain't workin' anymore
See I learned another way
It ain't like your granny says

I'm livin' the best life there is
With Jesus Christ I've got relationship
Happiness on earth and then
Eternity spent with him
