I Cried

Robert Plant

I cried, babe, oh, I cried
I saw you in a movie or was it on my wall?
I never dreamed you'd talk to me
I never dreamed at allYou fitted very strongly
You might have changed my life
Oh, I was very young then
You came along just rightThis is what I cried, oh, oh, oh
Now you know I cried, oh, oh, ohI walked the stellar ceiling
My feet were off the ground
You talked of something permanent
When saturday comes roundThis is what I cried, oh, oh, oh
This is why I cried, woh, oh, oh
This is what I cried, woh, oh, oh
Now you know I criedKisses gone crazy
Come on, tease me 'till I scream
Promise is a maybe
Running through my dreamIt's what I hear you whisper
Soft across my room
Chase my whole confusion
Rescue from my gloomThis is what I cried, oh, oh, oh
Now you know I cried, oh, oh, ohYour eyes are where the summer lives
In pools of quiet fire
Come mess with my sincerity
Go down on my desire, oh, oh, oh, ohI feast on your expression
The smile that tells it all
On my mind forever
Forever on my wallThis is what I cried, oh, oh, oh
Now you know I cried, oh, oh, oh
This is what I cried, oh, oh, oh
This is what I cried
