Last Stand

Kwabs

The war's over but a soldier armed
Still battling the ghosts long gone
Oh, oh ohStill struggling to see the signs
Too heavy for a heart like mine
Save me, save meKeep my head just to keep me clear
Keep the devil watching over me
Save me, save meLast stand before I walk away
Spell-bound, I stutter, I pray
Release me, say you need me(Chorus x2)
Still burning from the heat of your touch
Know I shouldn't but it's never enoughI don't belong
But I'm scared to leave(Chorus x2)
Still burning from the heat of your touch
Know I shouldn't but it's never enough
