

Frogs (feat. Ta-ku, Wafia & Hak)

Charles Murdoch

(Intro)

Won't you come closer to me
To me

I won't come closer
Closer
To you
To you to you

I want you to want me
Want me
Throughout x2

I just want to touch you
For me
So please

Oh you read the signs
I'm searching for some certain in my mind
Trying to make the most of loving you
Baby feel that heat

You got me stuttering
Speechless for the first time in my life
Words can't reach my lips I don't know why
Speechless for the first time in my life
I'm stuttering still stuttering over you

We all blessed to be alive and thankful for this breath
So we can smile with your steps
It's an easy life we don't got that bad
You focus on the petty things
Dwell in the past
Be here in the now
Pleasant
Stillness of the present
Silver thunder sliver of the crescent
Just a messing of the message

Just a messing of the message

You got me stuttering
Speechless for the first time in my life
Words can't read my lips I don't know why
Speechless for the first time in my life
Stuttering still stuttering over you

I'm stuttering over you
You got me stuttering
You you you
You got me stuttering
Speechless for the first time in my life
Speechless x2
The first time in my life
Stuttering
I'm stuttering still stuttering over you
