I'm Behind You

Biffy Clyro

I'm behind, in my life
But at least I'm in your arms.
I give the worst of me.
To you, but you are all I need.
The expectation on us are the rules I made on the other side
All I want is me to die in your arms

Hope doesn't sit me
Cause I'm a heartless Skeleton fucker at 25
The expectation on us are the rules I made to get a quick start
All I want in me to die in your arms
The expectation on us are the, rules I made from the other side
All I want is for me to die in your arms
I want to be in your loving arms
I want to be in your loving arms
