Stand Up

Remedy Drive

Why do our failures seem to have a voice
They say we're lost and we don't have a choice
Theyâ€™re telling us that we're not capable
They say our prison's inescapable

Stand up now
They can't hold us down
Stand up now
Get up off the ground

Why does our brokenness keep whispering
Itâ€™s telling us that we're not anything
I say no fall is going to keep us out
This fear is something we'll forget about

Chorus

Bridge:
Weâ€™re fallen â€“ it can't hold us down
These failures â€“ they hold us down
Weâ€™re broken â€“ they can't hold us down
Weâ€™re fallen â€“ get up off the ground
