# Radio Luv Song

## 54-40

Love song on the radio, on the radio has got balls
Kiss me, kiss me, baby, kiss me, baby, before I fallCan't think why you move so slow
You stop me when I want to go
Leave me in peace or leave me now
Don't you come back, not nowTime has come, red is blue
You for me, me for you
Loss of pay, awash of gray
What was love is now a graveDJ on the radio, on the radio has got balls
He plays, only one song, only one song all day longI don't want a girl in short wave
I don't want a girl in mono
I just want a girl on the radioKiss me, kiss me, kiss me, baby, don't say, no
I'm too lazy, don't say stop, we should go, go, go, go, goGo, go, go
