

# Did It Rain (Remastered)

[Eddy Arnold](#)

Did it rain did it rain at your house last night  
Like it rained like it rained at mine  
Was it dark and cold was it an ache in your soul  
Did you almost lose your mind Did your thoughts wander back to the first time we met  
Did you pray for the sun begin to shine  
Did it rain did it rain at your house last night  
Like it rained like it rained at mine Did your thoughts wander back...
