Make It

Rich Kidz

Here I am again
Still trying to understand
What you did to me
How can it be
You always disagreeHere I go again
Don't know where this will end
I've seen it all before
I want to be sure
Don't need the hurt no moreSee I've got to make it
Got to make it through
See I've got to make it
Got to make it through
I know what to do, you're always untrue
I got to make it throughHere I stand again
Got the message send
Looking for some fun
Walking in the sun
No longer under funAnd here I smile again
I will no more pretend
The happiness is long
I know where I belong
My confidence is strongSee I've got to make it
Got to make it through
See I've got to make it
Got to make it through
I know what to do, you're always untrue
I got to make it throughI've got to make it
I've got to make it through
I've got to make it
I've got to make it throughI've got to make it
I've got to make it through
I've got to make it
I've got to make itSee I've got to make it
Got to make it through
See I've got to make it
Got to make it through
I know what to do, you're always untrue
I got to make it throughSee I've got to make it
Got to make it through

See I've got to make it
Got to make it through
I know what to do, you're always untrue
I got to make it through
