Magic

Turquoise

You give me that magic
That makes it all tragic
But I just can't imagine
Being without youMakes me wanna regret it
And I can't explain it
Don't want to leave it or take it
But there's no other choiceI don't know what to feel
Got to get rid of the fear
But with you I feel so real
I find it hard to believe
That with one blink of my eyes
We might be saying goodbye
And end the story like thisI don't know if it's right what I'm doing
But right now I really don't care
I don't want it any other wayI can't tell how this feels
I'm not used to this
And I'm not ready for it
But I'm not willing to runI think of you all the time
And dream you were by my side
And then I just realize
I was all lost in my thoughtsI really want you to see
I would die for you right here
And if it was up to me
I would even go beyond
I just don't want you to leave
So come, and stay with me
And don't you leave me aloneI don't know if it's right what I'm doing
But right now I really don't care
I don't want it any other wayAny other wayï»¿
