Draw Nigh

Eddie James

I hear a voice
Like a trumpet in the Heavens
Saying, "Come"
There's a groan in my spirit
The sound of desperation's feeling
In my heartDeep cries unto deep
Calling me to dwell
In your secret place
I pant for your presence
My face is set like flint
To your faceI wanna be closer
I wanna be closer
I wanna be closer
I wanna be with you, be with you
(x2)I hear a voice
Like a trumpet in the Heavens
Saying, "Come"
There's a groan in my spirit
The sound of desperation's feeling
In my heartDeep cries unto deep
Calling me to dwell
In your secret place
I pant for your presence
My face is set like flint
To your faceI wanna be closer
I wanna be closer
I wanna be closer
I wanna be with you, be with you
(x2)I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
Because I want to be close to you, LordSo I'll draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
Because I want to be close to you, LordI wanna be closer
I wanna be closer
I wanna be closer
I wanna be with you, be with you
(x2)Hills melt like wax

And the earth trembles
The mountains move
And the Heavens shake in your presenceAngels fly, demons run away
At the sound of your name
Creation shifts, declaring your fame
YeahSomehow, by your blood
You chose me to ascend your hill
The place of angel-perfected worship
Good to your core and you call me stillIn crazy love, I humbly step
In your presence, with sentiment
Redeemed and justified by faith
Your Son now seated in the Heavenly placesI wanna be closer
I wanna be closer
I wanna be closer
I wanna be with you, be with you
(x2)I'm in awe that you would want an audience
With such frailty and weakness
It's beyond my comprehension
Why you would even grant me holy accessYet that same presence that calls
Tramples my enemies under my feet
And the same breath that heals me
Breaks demonic principalitiesI draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
Because I want to be close to you, LordSo I'll draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
Because I want to be close to you, LordSo I will draw nigh to you (draw nigh to me)
He draws nigh to you (draw nigh to me)
Drawing nigh to you (draw nigh to me)
Oh (draw nigh to me)Draw nigh (x9)Praises, prayer, joy to the mourning
You are my safe place
Safest way to truth and revelation
At the sight of your faceOil calls and makes to shine
My heart's made glad with wine
You are my Oil, you are my Rock
You are my Oil, you are my RockYou are my Oil, you are my Rock
(Draw nigh, draw nigh)
You are my Oil, you are my Rock
(Draw nigh, draw nigh)Draw nigh, draw nigh
Draw nigh, draw nigh to me (x3)All I'm asking for you to know, that I
