Uncomplicated

Rodney Atkins

I want a woman that knows her own mind
That says whatever
Let's have a good time
Have a good time
She don't live her life
Out of some magazine
Just a simple girl with simple dreams
The uncomplicated
One life, one love
It sounds so easy, but it's so damn tough
One dance, only one time around
I like a truck, not too much chrome
Something kinda old
That you can still work on
And gets you back home
I take my coffee no sugar, no cream
I've got a wardrobe
It's a T-shirt and jeans
Uncomplicated
One life, one love
It sounds so easy, but it's so damn tough
One dance, only one time around
Tell me , why make it harder than it all ready is
When you can have it
Have it like this
Uncomplicated
One life, one love
It sounds so easy, but it's so damn tough
One dance, only one time around
Uncomplicated
Uncomplicated
