Cause she treat me better then my last chick tip her
Wake up in the mornin cookin breakfast tip her
Do it like a stripper when we sexing tip her
She don't be wit that naggin and complanin no
Ok (ok) first thing you gotta do you gotta find a shawty wit class one that got her own (ok) and every time you wit her she know just what you want before you act
So you put some diamonds where her ears be tip her
Lace her wit that Louie and that Gucci tip her

She don't pay for nothing when she wit me so
If you gotta shawty like mine (tip her) you should tip her cause my shawty so fine (tip tip her) you should tip her for the little things she do (tip tip her) you should tip her if she taking care of you I'm telling you

Ok (ok) now once you think you found her we can move on to the next phase you take her to your home (ok) and let her meet your peoples and then you see what mama had to say nah nah nah
If yo mama said she like her tip her
Then that let you know that you can wife her tip her
