Trouble Sleeping

Original TV Soundtrack

It's late and I'm feeling so tired
Having trouble sleeping
This constant compromise
Between thinking and breathingCould it be I'm suffering
Because I'll never give in
Won't say that I'm falling in lovePlease, please, tell me
I don't see myself
Couldn't I blame something else
No, don't say, yeah
Don't say I'm falling in loveSome kind of therapy is all I need
Please believe me
Some instant remedy
That can cure me completelyCould it be I'm suffering
Because I'll never give in
Won't say that I'm falling in lovePlease, please, tell me
I don't see myself
Couldn't I blame something else
No, don't say, yeah
Please don't say I'm falling in love'Cause I've been there before
And it's not enough
So nobody say itDon't even say it
I've got my eyes shut
Oh, no, oh, no, not enoughCould it be I'm suffering
Because I'll never give in
Won't say that I'm falling in lovePlease, please, tell me
I don't see myself
Couldn't I blame something else
No, don't say, yeah
Please don't say I'm falling in loveDon't say that I'm falling in love
Don't say that I'm falling in love
Don't say that I'm falling in love
Don't say that I'm falling in loveCouldn't I blame something else
Falling in loveDon't say, don't say
Don't say, don't say
Falling in loveDon't say that I'm falling in love
Don't say that I'm falling in love
Don't say that I'm falling in love
Don't say that I'm falling in love
Don't say that I'm falling in love
