# So Obvious

## Runner Runner

Go! Let's go,go! Go! Let's go, go! I need you here, but your always so far away I call you up but you know its just never the same cause being closer to you is my sweetest escape Its all i needed I need you here but youre always so far away this is our night the look in your eyes says we can go all the way im losin my mind broken inside i want you to take my breath away its so obvious that my heart beats for you (beats for you x2) just let go tonight were so close tonight i need you here but you're out there on your own do you still look like the picture in my telephone? hiding out in your room we could be alone laughing out loud you need me here but im always so far away this our night the look in your eyes says we can go all the way im losin my mind broken inside i want you to take my breath away its so obvious that my heart beats for you (beats for you x2) its so obvious that my heart beats for you (beats for you x2) just let go tonight were so close tonight just let go tonight were so close tonight this is our night the look in my eyes says we can go all the way im losin my mind broken inside and take my breathe away this is are night the look in your eyes says we can go all the way im losin my mind broken inside i want you to take my breathe away its so obvious that my heart beats for you (beats for you x2) its so obvious that my heart beats for you (beats for you x2) just let go tonight were so close tonight just let go tonight were so close tonight this is our night the look in your eyes says we can go all the way im losing my mind broken inside i want you to take my breath away its obvious that my heart beats for you (beats for you x2) its obvious that my heart beats for you (beats for you x2) its obvious that my heart beats for you (beats for you x2) its obvious that my heart beats for you (beats for you x2) its obvious that my heart beats for you
