Paradise

Da Buzz

I'll bring you all my love
I'll take you wherever you wanna go
One night is what I want, baby
And I'll show you paradiseI'll bring you all my love
I'll take you wherever you wanna go
I'll do whatever it takes to
To show you paradiseI'd love to see, you get closer to me
And now believe, don't let anyone get between
You set me free, set me free
In a way that I can't describeHow will I know, when you don't stand next to me
Ooh, let me have youI'll bring you all my love
I'll take you wherever you wanna go
One night is what I want, baby
And I'll show you paradiseI'll bring you all my love
I'll take you wherever you wanna go
I'll do whatever it takes to
To show you paradiseI want to say, oh, I just loved to be with you
All I can pray for is about to keep you here with me
Day after day, day after day
I wanted to call out your nameAnd when you called me
You made my dreams come true
Ooh, let me have youI'll bring you all my love
I'll take you wherever you wanna go
One night is what I want, baby
And I'll show you paradiseI'll bring you all my love
I'll take you wherever you wanna go
I'll do whatever it takes to
To show you paradiseI tried to go, to walked away, don't fall in love again
I don't have to prove oh baby I'm a fool
Day after day, day after day
I wanna to call out your nameHow will I know
I just got to show you paradise
I gotta I gotta show you
Oh, I just gotta show you, babyI'll bring you all my love
I'll take you wherever you wanna go
One night is what I want, baby
And I'll show you paradiseI'll bring you all my love
I'll take you wherever you wanna go
I'll do whatever it takes to

To show you paradiseI'll bring you all my love
I'll take you wherever you wanna go
One night is what I want, baby
And I'll show you paradiseI'll bring you all my love
And I'll show you paradise
I'll bring you all my love
And I'll show you paradise
