Gone for Good

JFA

You'll never find me
Know you won't forget me
By the time you found out I was gone for good!Tricked by the scene again
Fifteen years too late my friend
Look real hard can't see through the haze!Try to find me
Try to see me
Look real hard
You might believe me
"cause I'm gone for good!Ripped me off for two trucks
When I only wanted fifteen bucks
Find out that your family's rich too!Story-tellin' snowboard fool
Braggin' that you know what's cool
Only took two runs when we skated the Nude!Try to find me
Try to see me
Look real hard
You might believe me
"cause I'm gone for good!
