

# Anti-Love Song

## Snow

My old suit still seems to fit  
I'm crossin' my fingers and bitin' my lip  
I check the mirror, say what a trip  
'Cause I still go it (I still got it)  
Don't you think a day I missed  
The way we fought and the way you bitched  
She left me poor, but I feel rich  
'Cause I still got it (I still go it)[Chorus]  
Don't leave me this way  
With nothin' in my heart but an empty page  
How could you say?  
That you never really loved me with a straight face baby  
Did you think I fell for it? And finally I must admit  
That you were the pain and I was the sh...,  
It don't matter anyway (it don't matter anyway)Start the day back in my car  
Is that star too far to get to?  
I don't care who you think you are  
'Cause you don't get it (you don't get it)  
Everything I said to you went in one ear and out the other  
I don't know what the hell I did  
I don't know why I even bothered[Chorus]
