Don't Matter

Big Brovaz

Let me know pretty baby
Is he doin' you right?
You might need somebody new in your life
Somebody who is your typeCall me up, anytime
It could be two in the night
On hind sight
You can call whenever you likeShit, Momma, you're all the freak you need
I'm gonna bring the alcohol and weed
Enough to cover every night this week
The way you see, I don't care about your man
He don't need to know about meBesides, he ain't right
Look, he treats you wrong
All you wanna do is help you
Get your freaking onAnd we clicked right away
We wasn't speakin' long
So kick your man to the curb
Where he belongs, uhBut you love my man
It don't matter, it don't matter
He knows who you am
It don't matter, it don't matterAnd we got big plans
It don't matter, it don't matter
I don't know why you just don't understand
'Cause you can make you feel right
It don't matterIt don't matter
Hook you up with real ice
It don't matterIt don't matter
Make your fantasy real life
It don't matterIt don't matter
You know that sound real nice
It don't matter
'Cause my man, he cares for meAnd always there for me
Through thick and thin, he'll be my heart
My friend, the love of my lifeYeah, but is your man loving you right?
Or do you need a thug in your life?
'Cause baby girl, randy, the type that'll twist you
Right back 'cause you know you like that
Come up to your crib my version of a night capYour man thinking that it's all about doe, no
It's all about the time we spend and love we show
If you was your man then I'd make you understand

Need time I'm ma cancel my plansLet that man be and start a new relationship with me
Stress free, you can find ecstasy next to me
Randy gives you 20% extra free and em!But you love my man
It don't matter, it don't matter
He knows who you am
It don't matter, it don't matterAnd we got big plans
It don't matter, it don't matter
I don't know why you just don't understand
It don't matterIt don't matter
Hook you up with real ice
It don't matterIt don't matter
Make your fantasy real life
It don't matterIt don't matter
You know that sound real nice
It don't matter
'Cause my man he cares for meAnd always there for me
Through thick and thin he'll be my heart
My friend, the love of my lifeListen, you should respect me for the fact
That I'm not like that
I like to have a good time but I'm not that slack
Ain't nobody gonna play with my emotions in fact
My night ain't gonna end up with me on my backSo just move on over and leave me alone
No, I'm not impressed by your ice and your chrome
Talking bout whips, well, you got my own
Why you think I'm gonna risk breaking up my happy homeIt don't matterIt don't matter
Hook you up with real ice
It don't matterIt don't matter
Turn your dreams to real life
It don't matterIt don't matter
You know that sound real nice
It don't matter
'Cause my man he cares for meAnd always there for me
Through thick and thin, he'll be my heart
My friend, the love of my lifeIt don't matterIt don't matter
Hook you up with real ice
It don't matterIt don't matter
Turn your dreams to real life
It don't matterIt don't matter
You know that sound real nice
It don't matter
'Cause my man he cares for meAnd always there for me
Through thick and thin, he'll be my heart
My friend, the love of my lifeIt don't matterIt don't matter
Hook you up with real ice
It don't matterIt don't matter

Turn your dreams to real life
It don't matterIt don't matter
You know that sound real nice
It don't matter
'Cause my man he cares for meAnd always there for me
Through thick and thin, he'll be my heart
My friend, the love of my life
