Blind Boys

Free Diamonds

Stop Stop
What you're doing to me.
I've gotta headache from the things that you're saying to me.
I gotta girl who likes to party a lot.
I'm just a boy who doesn't like to party at all.Save Save Save Save me.
I've gotta headache from the things that you're doing to me.
I've gotta heart that keeps getting broken a lot.
I've gotta a heart that I've gotta keep fixing a lot.Stop Stop that disco beat.
I've got a headache from the pills that you're giving to me.
I've got a loose grip on reality.
Let the blind boys come and take you away.I said, "Save Save Save Save me."
I've gotta headache from the things that you're doing to me.
I've gotta heart that keeps getting broken a lot.
I've gotta a heart that I've gotta keep fixing a lot.Stop Stop
What you're doing to me.
I've gotta headache from the things that you're saying to me.
I gotta girl who likes to party a lot.
I'm just a boy who doesn't like to party at all.I Said, "Save Save Save Save me."
I've gotta headache from the things that you're doing to me.
I've gotta heart that's bigger than a parking lot.
I've gotta heart that you're trying to fuck a lot.
