Miss My Friends

Zeus

I miss my friends, I miss them all
I wanna know what they're doing now, I'm gonna give them a call
It was the summer of love and now it's turned into fall
It feels like I've been away so long, I'm gonna give them a callYou look around but you don't know anyone
It freaks you out cause it seems so familiar to you
You look around but you don't know anyoneI remember the scene as I walked through the door
A million eyes staring right at me like I knew the score
Like one of those dreams where you don't know where you are
And every face so unfamiliar to me, are they friends or not?You look around but you don't know anyone
It freaks you out cause it seems so familiar to you
You look around but you don't know anyone
You don't know anyoneDon't joke, don't joke
I miss you when I leave you alone
Don't joke, it's no joke
I miss you when I leave you aloneI miss my friends
I miss my friends
I miss my friends
