Angel of Death

Thin Lizzy

I've seen a fire start in Frisco

The day that the earth quaked

I've seen buildings a-blazing

Throwing up in flamesI heard men, women and children

Crying out to their God for mercy

But their God didn't listen

So they were burned aliveThey went down, down

Deep underground

In the great disasterI was hanging out in Berlin

In the year one thousand nine hundred and thirty nine

I've seen Hitler's storm troopers

March right across the Maginot lineI've seen two world wars

I've seen men send rockets out into space

I foresee a holocaust

An angel of death descending to destroy the human raceDown, down

Deep underground

A great disasterIn the sixteenth century there was a French philosopher

By the name of Nostradamus

Who prophesied that in the late twentieth century

An angel of death shall waste this landA holocaust the likes of which

This planet had never seen

Now, I ask you

Do you believe this to be true? I was standing by the bedside

The night that my father died

He was crying out in pain

To his God, he said, "Have mercy, mercy"His body was riddled with a disease

Unknown to man so he expected no cure

But before he died that night

He was lost, insaneHe went down, down

Deep underground

A great disasterYou'll go down, down

Deep underground

A great disasterYou'll go down, down

Deep underground

A great disaster
