Glory

Jacks

One day I said
That you must take a chance
It's like a risk
It's like a game
It's like a little romance
How you like me and I like you
And there's nothing to say
All my glory is named for you
All my glory is named for...You!Why are you making me feel so bad?
But at the same time
It feels so right
And tell me why I can't understand
All that you say and
All that you keepBaby don't forget
The time when you said
That you just live once
Loving is a crime
Baby forgive me, if I haven't said
That lately I've been falling for youMaybe it'sfate
We can't have a date
But baby don't say
That it is too late
Just give me a chance
To have a last dance
'Cause baby i've been falling for you
I hope that you've been falling for meOne day I said
That you must take a chance
It's like a risk
It's like a game
It's like a little romance
It's how you like me and I like you
And there's nothing to say
All my glory is named for you
All my glory is named for youAnd tell me
what the hell is this?
Thinking about you
I just can't sleep.
And tell me
who the fuck are you?

You are not perfect,
But you are so cool.
Baby don't forget
The time when you said
That you just live once
Loving is a crime
Baby forgive me, if I haven't said
That lately I've been falling for youMaybe it's fate
We can't have a date
But baby don't say
That it is too late
Just give me a chance
To have a last dance
'Cause baby i've been falling for you
I hope that you've been falling for meOne day I said
That you must take a chance
It's like a risk
It's like a game
It's like a little romance
It's how you like me and I like you
And there's nothing to say
All my glory is named for you
All my glory is named for you
