Shine Like Gold

Ronan Keating

Grab you're coat we're taking off
Run the reds cause we don't stop for lights
For lights
Dashboard drumming out of time
Come get me that's hidden in her smile
her smile
No I know I'm never gonna let you go
Cause baby we shine like goldAnd we can love like nothing has ever felt so right
Dancing around in the headlight
Staying up talking the whole damn night
We shine like gold
We shine like gold
Golden skin entangled sheets
Talking shit until we fall asleep
Falling deep
Loving like a hurricane
Lay it down I drink away the day
For daysNo I know I'm never gonna let you go
Cause baby we shine like goldAnd we can love like nothing has ever felt so right
Dancing around in the headlight
Staying up talking the whole damn night
We shine like gold
We shine like gold
We need to love like
Sharing kicks around midnight
Throwing kicks around in the sunlight
Chasing the shadows the whole damn night
We shine like gold
We shine like gold
If the rains come and the water's at our knee's
We'll hold our breath and learn how to swim
And if the light goes out and the darkness closes in
We shine likeWe shine like gold
We shine like gold
And we can love like nothing has ever felt so right
Dancing around in the headlight
Staying up talking the whole damn night
We shine like gold
We shine like gold

We need to love like
Sharing kicks around midnight
Throwing kicks around in the sunlight
Chasing the shadows the whole damn night
We shine like gold
We shine like gold
