Intuition

T.N.T.

One fire, a silent storm in every spirit
Locked behind a lonely dream still aware
When soldiers of fortune take your mind
The heart is your kingdom like magic when you findIntuition, one decision
Hold your heartbeat in your hand, oh
Intuition, one decision
Let your dream command, ohOne answer, the destiny of every moment
Lost inside a hungry voice in the dark
No evil illusions, no empty prayer
The heart is your kingdom so follow if you dareIntuition, one decision
Hold your heartbeat in your hand, oh
Intuition, one decision
Hold your heartbeat in your hand, oh
Intuition, one decisionWhen soldiers of fortune take your mind
The heart is your kingdom, magic when you findIntuition, one decision
Hold your heartbeat in your hand, oh
Intuition, one decision
Hold your heartbeat in your hand, ohIntuition, one decision
Hold your heartbeat in your hand, oh
Intuition, one decision
Hold your heartbeat in your hand, oh
