The Train Song

Ren Harvieu

I'm lookin' at you in the candlelight
I whisper softly in your ear
Feels like the stars are linin' up tonight
I'm gonna hold you tenderly
I pull you close and love you like a freight train
I'm gonna roll you down the railway
I'm gonna love you like a freight train
I'm gonna love you like a, love you like a freight train
Lock the door and throw the key away
I'm gonna take my time
Sun comin' up at the break of day
Won't be the end of the line, oh baby
I'm gonna love you like a freight train
I'm gonna roll you down the railway
I'm gonna love you like a freight train
I'm gonna love you like a, love you like a freight train
(Chuggin' up, chuggin' up and down again)
I'm gonna love you like a freight train

(Freight train)
I'm gonna roll you down the railway
I'm gonna love you like a freight train
I'm gonna love you like a, love you like a freight train
(Chuggin' up, chuggin' up and down again)
(Freight train)
I'm gonna roll you down the railway
(Chuggin' up, chuggin' up and down again)
I'm gonna love you like a freight train
(Chuggin' up, chuggin' up and down again)
I'm gonna love you like a, love you like a
(Chuggin' up, chuggin' up and down again)
Chuggin' up, chuggin' up and down again
Chuggin' up, chuggin' up and down again
Chuggin' up, chuggin' up and down again
Chuggin' up, chuggin' up and down again
Chuggin' up, chuggin' up and down again
Chuggin' up, chuggin' up and down again
