

# Tennessee

## Puerto Muerto

The time I saw you there  
Your hair was filled with light  
I wondered who that little lady could be  
We found a shaded spot  
To watch the tourists there  
They all stared back at you and how could they not?

Ooh, how would you like to go?  
Ooh for a ride with me.

Be my lady come to me,  
All the way to Tennessee  
And I'll show you what it means when you ride with me.

Your legs are tan you know  
And now they stretch to me  
Don't you see my dear you're driving me crazy  
I will walk you home,  
I will fill you with my wine.

Ooh, how would you like to go?  
Ooh for a ride with me.

Be my lady come to me,  
All the way to Tennessee  
And I'll show you what it means when you ride with me.

Ooh, how would you like to go?  
Ooh for a ride with me.

Ooh, how would you like to go?  
Ooh for a ride with me.

Be my lady come to me,  
All the way to Tennessee  
And I'll show you what it means when you ride with me.

Be my lady come to me,  
All the way to Tennessee

And I'll show you what it means when you ride with me.

Be my lady come to me,  
All the way to Tennessee  
And I'll show you what it means when you ride with me.

Be my lady come to me,  
All the way to Tennessee  
And I'll show you what it means when you ride with me.

Ooh, how would you like to go?  
Ooh for a ride with me.

Ooh, how would you like to go?  
Ooh for a ride with me.

Ooh, how would you like to go?  
Ooh for a ride with me.
