Postpartum

Taylor McFerrin

I want to love you
But something's in the way
I want to love you
But something's in the way
I want to love you (I want to love you)
But something's in the way (But something's in the way)
I want to love you (I want to love you)
But something's in the way (But something's in the way)I want to love you
