## Minus One

Waking up alone, like a man that failed ...
Trapped into the mist of our fairytale
And you know, you know, you know, I'm still inside
I knew it all along, but I couldn't tell ...This kind of love, would lock my heart in jail
You know, you know, you know, it's doing time
Caught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight ...
Howling for youTake it on ... take it on ... and get me through the night
Take it on ... take it on ... until the morning light
Take it on ... take it on ... and get me through the night
Take it on...take it on... take it onI've heard it all before, people always say ...
Time can take the sorrow and the pain away
You know, you know, this love will never die
Caught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight ...
Howling for youCaught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight ...
Howling for youTake it on ... take it on ... and get me through the night
Take it on ... take it on ... until the morning light
Take it on ... take it on ... and get me through the night
Take it on...takeiton...takeiton
I cross the oceans, I fly on the skyline ...
Drive any road that, will bring me by your side(howl)
Take it on ... take it on ... and get me through the night
Take it on ... take it on ... until the morning light
Take it on ... take it on ... and get me through the night
Take it on...takeiton...takeiton
Caught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
