

# Jersey Thursday

Donovan

In the tiny piece of colored glass my love was born  
And reds and golds and yellows were the colors in the dawn  
Night brought on its purple cloak of velvet to the sky  
And the girls go willing spinning on Jersey Thursday  
In the tiny piece of colored glass my love was born  
And reds and golds and yellows were the colors in the dawn  
Night brought on its purple cloak of velvet to the sky  
And the girls go willing spinning on Jersey Thursday
